

**MPI-506** 

index: WMGBMPI506

## Great little multitasker

#### **Features**

#### Measurement of short circuit loop parameters

- Measurement of short circuit loop impedance in networks with rated voltage: 220/380 V, 230 V/400 V, 240/415 V and frequency 45...65 Hz, operating voltage range: 180...460 V
- Indication of short circuit loop resistance R and short circuit loop reactance X
- Measurements of short circuit loop impedance with 15 mA current, without tripping the RCD circuit breaker
- Maximum test current: 7.6 A (at 230 V), 13.3 A (at 400 V)

#### Testing RCD breakers of AC, A types

- Testing of prompt, short-delay and selective RCDs with rated current values 10, 15, 30, 100, 300, 500 mA
- Measurement of I  $_{A}$  trip current and tripping time t  $_{A}$  for currents  $0.5 I_{\Delta n'} 1 I_{\Delta n'} 2 I_{\Delta n'} 5 I_{\Delta n}$
- $R_F$  and  $U_B$  measurement without RCD tripping
- Extended AUTO function of RCD measurement, with the possibility of measuring  $Z_{\text{I-PF}}$  with low current
- Measurement of I and t during one RCD tripping

### Insulation resistance measurement

Test voltage 100 V, 250 V, 500 V

# Measurement of resistance of protective conductors and equipotential bondings

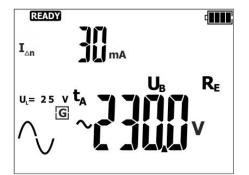

- Measurement of protective connections continuity with a ±200 mA current in accordance with EN 61557-4
- Autocalibration of test leads any leads can be used
- · Low current resistance measurement with sound signaling
- Phase sequence indication

#### **Additional functions**

- Checking the correctness of PE connection using a contact electrode
- Measurement of voltage (0 ... 500 V) and network frequency
- Memory of 990 results
- Wireless data transmission to a computer
- Backlit keypad

## Simplicity and cutting edge technologies

MPI-506 is probably the **world's smallest meter** with such a large number of measurement functions. The functions are selected with a rotary switch. Additional parameters are set with buttons located on the housing face. The settings are saved by the device even when the battery is completely discharged. All buttons and the modular display have backlight, which significantly improves operation in low light. Large memory eliminates the need for taking notes during the measurements.

## **Inspection of electrical safety**

This device may be used to inspect safety of electrical systems in households and industrial facilities. Its main advantage is **quick measurement (just a few seconds!) of fault loop impedance** in circuits with RCD.

Measurements can be easily automated with:

- auto mode of residual current devices (RCD) tests,
- the WS adapter that can be used for testing systems via standard 230 V sockets.

#### **Increased resistance to environmental conditions**

The meter will cope well in difficult environmental conditions. Protection against penetration of dust and water is ensured by a unique housing with a level of protection IP67.

## **Communication and software**

You can easily transfer measurement data to your computer via Bluetooth wireless communication. In order to generate a report on measurements for electric shock protection, use **Sonel Reports PLUS** software. Saving the downloaded data to the simplest formats and printing is provided by free **Sonel Reader** software.

## Standard accessories

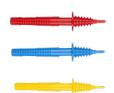

WS-03 adapter with START button (UNI-Schuko plug)

WAADAWS03

Test lead 1.2 m (banana plugs) red / blue / yellow

WAPRZ1X2REBB WAPRZ1X2BUBB WAPRZ1X2YEBB

Pin probe 1 kV (banana socket) red / blue / yellow

WASONREOGB1 WASONBUOGB1 WASONYEOGB1

Crocodile clip 1 kV 20 A red / yellow

WAKRORE20K02 WAKROYE20K02

M1 hanging straps

WAPOZSZE4

M1 hanging hook straps

WAPOZUCH1

M6 carrying case

WAFUTM6

4x LR6 1.5 V battery

Calibration certificate

# **Optional accessories**

EVSE-01 adapter for testing vehicle charging stations

WAADAEVSE01

TWR-1J RCD breaker testing adapter

WAADATWR1J

WS-04 adapter (UNI-SCHUKO angular plug)

WAADAWS04

Test lead for fault loop measurement (banana plugs) 5 m / 10 m / 20 m

WAPRZ005REBB WAPRZ010REBB WAPRZ020REBB

Foldable pin probe, 1 kV, 2 m (banana socket)

WASONSP2M

Crocodile clip 1 kV 20 A blue

WAKROBU20K02

Industrial socket adapter 16 A / 32 A

WAADAAGT16T WAADAAGT32T

Three-phase socket adapter 16 A / 32 A

WAADAAGT16C WAADAAGT32C

Three-phase socket adapter 16 A / 32 A

WAADAAGT16P WAADAAGT32P

Three-phase socket adapter 63 A

WAADAAGT63P

Calibration certificate with accreditation
